

Other Ways to Connect with TDChristian:

At one of our upcoming events:

- Spring Open House & Notice Book Launch.....May 11, 6 pm
- Spring Music Concert.....May 25, 7 pm
- Presentations Day Semester 2.....June 7, 8:55 am - 2:55 pm

Through our publications:

- Our [brochure](#) gives you an overview of our school.
- Our [@TD](#) newsletter and annual [Report Card](#) newsletters update our community about the latest developments and ongoing practices in our school.
- Our biweekly [Fridge Door](#) newsletter informs parents & students about school news & events.
- Our [Notice](#) book is an annual celebration of student work.

Through our online resources:

- Our [website](#) is regularly updated with content, including a news feed, student videos, archives of our publications, and more. We also invite you to like our [Facebook](#) page (facebook.com/tdchristianhighschool), and follow us on [Instagram](#) (instagram.com/tdchristianhighschool).

Catch the Vision of Project 20/20!

Project 20/20
• BUILDING COMMUNITY •
VISION

First Floor

Second Floor

The graphic features a rendering of a modern school building at night, a floor plan showing the first and second floors, and a logo for Project 20/20 Building Community Vision.

Race on in to our Celebrations of Learning & **Winter Open House!** **tdchristian** HIGH SCHOOL

Having fun during October's Homeroom Competitions

Thursday, January 19, 2017
7 - 8:30 pm

The poster shows a group of students in a gymnasium, some in athletic gear, with the school logo and event details.

Welcome!

- 6:30 pm** Explore student projects inside our Commons Room
- 7:00 pm** Opening Program, including overview of our curriculum
- 7:30 pm** Go to four different sessions **OR** take a guided tour and go to two different sessions
- 8:30 pm** Mingle, ask questions, and enjoy refreshments in the Commons Room

TONIGHT'S SESSIONS:

- There are six different sessions running simultaneously.
- Each session will run for ten minutes, four times in a row.
- Choose the **four** sessions that most interest you.
- If you choose to start with the tour, you will still have time to visit **two** of the six sessions.

English & Perspectives (Grade 11) with Mr. Van Eerden (ROOM 14): Students will present a “worldview statement” in which they discuss some of the realizations and understandings they have come to over the course of the semester in both New Testament and English. (Participants: Seth Van Schepen, Curtis Boven, Sophia Starkey, Caleb Mathai, and Shone Xu)

Environmental Block (Grade 10 E-Block) with Mr. Freeman (ROOM 16): Learn from students about TDChristian's block-style courses, listen to them explain how they participate in our outdoor environmental work and creation care programs. Students will also explain final course presentations and show their whiteboards, which demonstrate students' learning in five key areas.

Art (Grades 9-12) with Ms. Tenyenhuis (ROOM 17): Talk to art teacher Ms. June Tenyenhuis about our Grade 9 to 12 Art Program. Grade 11 Art students are completing their final Summative Project, a Renaissance-technique-portrait painting using glazing effects traditional to that time (interact with Da Seul Lee, Bronwyn Belbeck, Ciara Mirigello, Carleigh Roos, Jessica Costa, Ben Longo and Megan Vroom while they work). Grade 12 Art Students are completing their Independent Study Unit, which involves creating four works of art on a chosen social justice theme of concern to them (interact with Sarah Vander Schaaf, Isaac Ma, Ziyang Wan, Katerina Guthrie and Daniel Nwabiani while they work).

Drama (Grades 11/12) with Mr. Peters (ROOM 4, BLACK BOX): After their highly successful run of “The Pirates of Penzance,” come, see, and listen to several of the cast perform their summative songs and monologues! Several of these pieces will be used as these phenomenally talented young audition for post-secondary theatre school and music programs (Lorissa Van Gurp, Rachel Feddema, Elizabeth Parenteau, Nathan Lise, Aldo Canini). Pick up a sheet on Drama throughout the grades from Mr. Peters.

Biology (Grades 9-12) with Mrs. VanSchepen (ROOM 33): Biology is the study of life. Students (including Kamrin Ward, Hanna Hilliard, and Leah Hoving) from the Grade 12 University Biology class will be sharing aspects of the course that they found fascinating over the course of the past semester. This will include pictures and labs that augmented their learning.

Math (Grades 9-12) with Mr. Templeton (ROOM 23): Catch a glimpse of the wonderful world of Mathematics. Various students will demonstrate things they have learned in courses, and even things they have learned about mathematics beyond their courses!
